[About us](#)[Events](#)[Accommodation](#)[Capacity](#)[Food](#)[Sustainability](#)[Location](#)[Contact](#)

A SUSTAINABLE FUTURE

Sustainability is not a distant goal for us, but something that we consider in all areas of our service. As an academic venue, we adopt [Imperial College London's campus-wide environmental policy](#), driven by a bold vision to create a sustainable, zero-pollution future.

Say no to single-use plastics

Our catering team is actively working to reduce waste, replacing plastic platter trays with reusable wooden boxes. We've also implemented strategies to ensure minimal use of single-use stirrers and sachets, and a 90 per cent reduction in disposable films.

Transport and travel

Public transport links to our conveniently located venues are excellent, allowing delegates and guests to travel to their events and accommodation with a reduced carbon footprint.

Corporate social responsibility

Our profits are reinvested into Imperial to support education and research. From championing sustainable energy sources to tackling water scarcity and ocean plastics, the College is dedicated to driving positive change across the globe.
